Quick Start Guide

It's easy to enjoy SIRIUS entertainment at home with this tabletop Internet radio and a wireless home network. Listen to over 80 channels of commercial-free music, plus sports talk, news and entertainment. It all comes to you through your wireless Internet connection. No other hardware is required. If you're not a SIRIUS subscriber, you can sign today up at www.sirius.com. Current SIRIUS subscribers can add a SIRIUS Internet Radio subscription to an existing account.
Thank you for purchasing the Grace Wireless Internet Radio. This easy-to-use Quick Start Guide is designed to help you start enjoying SIRIUS Internet Radio.

Please note: In order to listen to SIRIUS Internet Radio (SIR) on your Grace Wireless Internet Radio, you must be an active SIRIUS subscriber with a PREMIUM SIR subscription. Please locate your username and password now.

If you do not have a PREMIUM SIR account, contact SIRIUS at www.sirius.com or 888-539-SIRIUS. Prior to listening to SIR on the Grace Wireless Internet Radio, you must be connected to your wireless network.

1. Connecting To Your Network.
   - Turn on the radio by pressing the STANDBY/ON button. You will see 'Reciva Radio ARM Powered' on the display. When the display reads, 'Scan for Networks', press the SELECT button.
   - Use the rotary knob to scroll to your network and press SELECT. If your network requires a password, you will be prompted to enter your network password here. After you enter your network password, select 'END' (Note: Your network password is case sensitive.) When the screen displays 'Network OK' your radio will connect to your network and the Menu screen will appear.
   - If the radio can't find a network, the display will read 'No Networks Found'. If no networks are found, or if you want to manually enter your network configuration, please refer to the Grace Wireless Internet Radio User Guide for more information.

   Congratulations, you are ready to enjoy SIRIUS Internet Radio.

   Please Note: If you make a mistake at any point, press the BACK button to go to the previous screen.

2. Upgrade Your Firmware!
   - In the main menu, scroll to Internet Radio and press SELECT. After 10 to 15 seconds, the radio will show 'Upgrade Firmware Yes Or No', Select 'Yes'. PLEASE DO NOT UNPLUG YOUR RADIO DURING THE FIRMWARE UPGRADE PROCESS. After the upgrade is finished, the radio will go into standby mode.

3. Selecting SIRIUS Internet Radio.
   - Turn the radio on by pressing the STANDBY/ON button.
   - In the main menu, scroll to the 'Internet Radio' menu and press SELECT. Scroll to 'SIRIUS'.

4. Sign In To SIRIUS.
   - Scroll to the end of the SIRIUS category list until you see 'Sign In', and press SELECT.

5. Enter Your SIRIUS Username.
   - The first time you sign into SIR, you need to enter your 'SIRIUS Username' then scroll to the word 'END' and press SELECT. You will be prompted to enter your SIRIUS password. After you enter it, select 'END'. (Note: Your SIRIUS password is case sensitive.) You will only need to enter your SIRIUS Username and SIRIUS password once, unless you change them.

   SIRIUS USERNAME: ________________________________________________
   SIRIUS PASSWORD: ________________________________________________

6. Nice Job. Start Listening!
   - The menu will display the list of available SIRIUS Internet Radio categories. Scroll to the category, then the channel you want to listen to.
