Installing the Dash Mount:

- Mount in place for 30 seconds.
- Let it dry thoroughly. Peel the protective material and adjust the adhesive foot for the location.

Option 3

- Push Power Connect until it latches.
- Slide Short Vent Clamps Out.
- Remove End Cap.
- Slide Extended Vent Clamps In.
- Replace End Cap.

Power Connect (continued)

Activate Your Service

- By phone: Call 1-888-539-SIRIUS (1-888-539-7474)
- Press and click on "Install and Activate."
- Follow on-screen instructions to complete your activation.

Connect the Audio to Your Vehicle’s Stereo

- Connect Power Adapter into your vehicle's cigarette lighter or power adapter socket. Then plug it into the green AUDIO connector on the FM Direct Adapter (FMDA) if none of the above three audio connection options works in your vehicle.
- Tune the Starmate 5 and Vehicle FM Radio to the Same FM Channel. Set Your Starmate 5 to Transmit on the Same FM Channel.
- Tune your Vehicle’s FM Radio to tune through each FM channel one-by-one (88.1 followed by 88.3 etc.) to locate channels that aren’t being used by any FM radio station. Write down the list. Once you have created a list of unused FM channels, for convenience, write down or print out the list.
- For the SIRIUS|XM FM Channel Finder, go to us.siriusxm.com or call 1-888-539-SIRIUS (1-888-539-7474) to get your personalized list of available channels.
- Connect Vehicle Dock and Radio to the same FM Channel.
- Connect the Power Cord to the FM Transmitter.
- Turn on your vehicle’s FM radio (if you have not already done so) and tune it to this FM channel. You should hear SIRIUS through your vehicle’s radio when Starmate 5 is transmitting.
- Press the FM Presets Sel button.
- To scroll through channels, press the Up or Down button. An alert message will be displayed. To continue, press any button. If you are not satisfied with the reception of your Starmate 5, repeat steps 7–9 and tune to a different FM channel.
- For more help, refer to the detailed antenna cable placement tips and cautions in the User Guide beginning on page 23.
- We recommend mounting the antenna at the leading edge of the trunk.
- Avoid damaging or compromising the window, trim, or interior trim and carpet, keeping it away from any vehicle pedals or the steering wheel.
- Use a similar blunt tool to help hide wires along the windshield trim.
- When the antenna is mounted at the rear of the vehicle, it’s usually easiest to run the antenna cable under the carpet toward the dashboard. The best place to hide your antenna cable depends on your type of vehicle.
- When the cable needs to go through a window, use a similar blunt tool to help hide wires along the interior trim where it meets the carpet, gently pushing it behind the edges of the trim. Bring the cable out from the trim and route it under the carpet toward the dashboard.
- The SIRIUS signal. Ensure your vehicle is outside with the antenna having a clear view of the sky. Your audio connection options are:
What's in the Box?

- Starmate 5 Radio
- Power Connect Vehicle Dock
- Remote Control
- Alcohol Preparation Pads
- Vent Mount and Extended Vent Clamps
- Magnetic Mount Antenna & Rubber Tail Screws
