**Verify Signal Reception**

Verify the signal reception by looking at the antenna signal strength bars on the screen. If you see no bars or just one bar, you need to place the antenna in another location. For instance, you can try moving the antenna to another side of the car or to a place with fewer obstructions.

**Connect the Audio**

Connect a Marantz Portable Audio Player or other devices to the SiriusXM Vehicle Kit to enjoy high-quality audio streaming. The Vehicle Dock and Play Kit is designed to work with a variety of audio devices, ensuring a seamless integration into your vehicle's entertainment system.
